

BROWGUARDS AND EYEWEAR

BROWGUARD

Our lightweight browguard and lenses provide full face and eye protection against spatters, small particles and non-hazardous liquids. Made for most work applications including grinding, cutting, brazing and machining. A sleek, wrap around design that can be worn comfortably with impact resistant safety glasses. Our polycarbonate lenses are available in clear, dark green, IR3 and IR5. Meets ANSI Z87.1 standards.

BROWGUARD LENS

Our browguard lenses are molded from strong polycarbonate, not thin flat materials or materials that yellow over time. These lenses are a perfect fit for any job and provide the protection you will want should a grinding wheel break off or particles come flying your direction. Available in clear, dark green, IR3 and IR5 color options.
