# Sanding Drums

- For mounting abrasive sanding sleeves
- Sleeves are secured in place by controlled expansion of the solid rubber drum spindle
- Rubber provides cushion backing for a smooth, even finish

## Standard Screw Lock - with Shank

- Rubber expansion is controlled by tightening/loosening the slotted screw

(B) Shank Dia.	(A) Drum Dia.	(C) Drum Width			
		1/2"	3/4"	1"	1-1/2"
