Item #: 40030

Variant: 115V 1~ 60Hz

This product has been discontinued

This product was replaced by [FRD 12-6 Rect. Inline Fan](#)

This rectangular, centrifugal inline duct fan is ideal for areas with limited space and large ventilation needs such as multi-family or commercial buildings.

- Hinged access door for easy service access
- Quick access to exterior mount terminal box
- Mount the fan at any angle/direction within the ductwork
- Built-in thermal overload protection with automatic reset
- Operable in airstream temperatures up to 140°F
- CSA, UL, and AMCA Air & Sound certified
- Five-year warranty

The housing design of the 12-6 FRD series fan allows for installation directly within 12" x 6" rectangular ductwork, without the need for large elbows or transitional sections. The 12-6 FRD series fan is simple to install and access for maintenance with no extra materials required.
