

Repl. Filter Kit, AEV1000

Reusable syntetic filter for AEV1000/ENV100

Item #: [40187](#)

Replacement filter kit features 1 synthetic filter. The filter will collect cement dust, carpet fibers, debris, lint, and insects.

With normal usage, it is recommended that you vacuum clean the filter every 2 month and replace every 3 months.

The kit includes 1 filter. Suitable for AEV1000.
