

FB 6 Inline Filter Box MERV13

6" inline filter box w/MERV13 filter

Item #: 40304

Variant: MERV13

- MERV13 filter
- Used for airflows up to 176 cfm
- 6" diameter plastic duct connections
- Neoprene door seal
- Access door removed with thumb screws

Application

Building sciences research has shown that highly efficient filtration of the outside air before it is delivered to the home is one of the best ways to reduce the level of particles suspended in your home's air. The FB6 unit features an 80-90% efficiency filter designed to meet the air filtration efficiency criteria required to gain points toward certification in the Leadership in Energy and Environmental Design (LEED) Green Building rating system.
