This product was replaced by [PB190 Bath Fan w/ Grill](#)

PB190 remote inline bath fan removes moisture from the air with virtually no noise. With a small footprint on the bathroom ceiling, the white unobtrusive exhaust grille easily fit any bathroom design.

- Airflow 200 cfm at 0.20" Wg.
- Smallest footprint on ceiling
- 7" white round plastic grille
- Backdraft damper included
- UL listed for wet locations

The fan motor is located away from the bathroom which enables virtually silent operation. The ceiling exhaust grille is tied to the fan motor via an insulated flexible duct. The grille can be located over the toilet, the shower or above any other source of moisture or odor.

PB190 fan consists of a 6" duct fan, one ceiling vent grille and grille housing with a backdraft damper. The grille and fan use a 6" duct. The fan is designed for intermittent or continuous operation to meet ASHRAE Standard 62.2. UL listed for wet locations. Configurations with LED lights are available.
