

## PB370 Bath Fan w/ 2x Grill

6" remote bath fan, two 6" duct grilles w/o light, 370 cfm

Item #: 45433

Variant: 120V 1~ 60Hz

PB370-2 remote inline bath fan allows connects two separate bathrooms to one central exhaust point and remove moisture from the air with virtually no noise. With a small footprint on the bathroom ceiling, the white unobtrusive exhaust grilles easily fit any bathroom design. To find a perfect match, use [Bathroom Fan Selector](#).

- Airflow 340 CFM at 0.20" Wg.
- Smallest footprint on ceiling
- Two locations
- Two 7" white round plastic grilles
- Remote mount 6" duct fan
- Backdraft dampers included
- UL listed for wet locations

The fan motor is located away from the bathroom which enables virtually silent operation. The ceiling exhaust grilles are tied to the fan motor via an insulated flexible duct. The grilles can be located over the toilet, the shower or above any other source of moisture or odor.

PB370-2 fan consists of a 6" fan, two ceiling vent grilles, grille housings with backdraft dampers. The grilles and fan use a 6" duct. The fan is designed for intermittent or continuous operation to meet ASHRAE Standard 62.2. UL listed for wet locations.
