

### Zerust® Dividers:

Having Zerust molded directly into the dividers themselves creates a harmless vapor barrier around your parts inhibiting corrosion for up to five years (see first chart).

Zerust is a registered trademark of Northern Technologies International Corporation.

### Anti-Tarnish Dividers:

Molded directly into the dividers forming a harmless protective layer around non-ferrous metals such as silver, gold and copper and will prevent tarnishing for up to 5 years!

To order Anti-Tarnish dividers for your specific Tuff Tainer® or Super Satchel™
