

16 Gallon Heated Jacket for Hughes Gravity Fed Eyewash, 120V Plug - 16GFEW-BLKT-HT

Product Images

Short Description

Key Benefits

- UL approved thermostat controls the temperature and provides overheat protection

- Freeze protected up to -30°F (-34° C), maintained temperature is 68° - 77°F (20° - 25°C)
- Insulated jacket helps maintain tepid water in warm climates
- Quickly installed on the eyewash, using hook and loop fasteners and drawstrings
- Eyewash easily activated by pulling on the black activation arm down to the open position

Description

This heated, insulated jacket is the perfect accessory to maintain ANSI compliant tepid water in operating temperatures up to -31°F (-35° C). Quickly fits over Hughes model 16GFEW, 16-gallon eye wash station. Trace tape heated design with 120V, 60/50Hz electrical requirement includes 10 ft power cord with UL listed, CSA certified GFCI plug. The jacket can be used in cold or warm climates, and it's simple to put on or take off the eye wash station. Eyewash sold separately.

Specifications

Model No	16GFEW-BLKT-HT
Color	Gray
UPC	805042001653
Capacity	10 gallon
Liter Capacity	38
Net Weight, lbs	10
Net Weight, kg	5.89
Dimensions, Exterior	21" H x 26" W x 5" D 533.4mm H x 660.4mm W x 127mm D
