## Product Images

## Short Description

---

- Ideal for laboratory settings
- Self-close, pressure relief caps
- Vacuum-relief valve within the lid
- Faucet mounted on top
- FM Approved

## Description

---

Justrite's Steel Laboratory Safety Cans have all the benefits of the Type I cans. Added features make these the choice of lab professionals for safely dispensing hazardous liquids into test tubes, small flasks, and beakers. Fill spouts have self-close, pressure-relief caps and stainless steel flame arresters. These cans also feature a vacuum-relief valve within the lid for smooth liquid flow and self-closing faucets for trouble-free dispensing. Cans with the smaller No. 08540 faucet offer easier dispensing in lab environments, while the No. 08902 faucet is better suited for heavy, industrial use.

**Tilt Cans** have a 08540 faucet on top and the can rests in a sturdy metal cradle. The cradle base measures 13-13/16" x 14" (351mm x 356mm).

FM Approved

## Specifications

---

Model No	7150147
UPC	697841140257
International Model No.	7150147
FM Approval	Yes
OSHA Compliance	Yes
Complies with NFPA Code 30	Yes
CARB Compliance	Yes
Color	Red
Material Specifications	Steel/Brass Faucet
Dimensions, Exterior	15.875" H x 11.75" Outer Dia. 403mm H x 298mm Outer Dia.
Capacity	5 gallon
